Aspera INSURANCE SERVICES

OCEAN MARINE

Aspera's Ocean Marine insurance solutions are designed for small to midsize marine risks in domestic inland waterways and across international waters. Our cargo and equipment coverages include Ocean Cargo coverage for a multitude of items and products across a variety of industries and uses, as well as specialized Waterborne Equipment coverage.

We also access coverage for Marine Contractors doing work in and around marinas, ports, and shipyards. Our Marine Contractors' options cover an array of risks both onshore and offshore, and we can consider up to 100% offshore exposure.

OCEAN CARGO

Coverage Territory

- International waters – full blue water coverage
